Sir:

**REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT  
UNDER 37 C.F.R. § 1.705(b)**

In accordance with 37 C.F.R. § 1.705, Applicant hereby requests reconsideration of the patent term adjustment of 516 days as indicated on Determination of Patent Term Adjustment under 35 U.S.C. 154(b) ("Determination") for the above-referenced application. Specifically, as described below, this patent is entitled to 545 days of additional patent term. As required by 37 C.F.R. § 1.705(b)(1), this Request is accompanied by a check to pay the \$200.00 fee set forth in 37 C.F.R. § 1.18(e).

The PAIR printout, indicating how the Office calculated the 516 day patent term adjustment indicated in the Determination, is attached hereto. Applicant agrees that the Office accrued 574 days of delay under 37 C.F.R. § 1.703(a) for the failure to issue a first Office Action not later than 14 months after the filing of this application.

The PAIR printout, however, incorrectly indicates that the accrued 574 day patent term adjustment should be reduced by 58 days for alleged Applicant delay. Applicant agrees that the accrued patent term adjustment should be reduced by 29 days under the provision of 37 C.F.R. § 1.704(b) for an Amendment and Response to Election of Species Requirement filed more than three months after the issuance of the Office Action mailed October 20, 2003.

Applicant respectfully disagrees, however, that the accrued patent term adjustment should be reduced an additional 29 days. As indicated on the PAIR printout, a final Office Action was mailed on August 9, 2004. Applicant filed a Request for Reconsideration on November 4, 2004 in response to the final Office Action, which was within three months of the mailing date of the final Office Action as required by 37 C.F.R. § 1.704(b). An Advisory Action was then mailed on November 29, 2004. Applicant filed a Notice of Appeal on December 9, 2004 in response to the Advisory Action, which was within three months of the mailing date of the Advisory Action as required by 37 C.F.R. § 1.704(b).

Accordingly, the accrued 574 day patent term adjustment should only be reduced by 29 days, and thus the correct patent term adjustment is 545 days.

In accordance with 37 C.F.R. § 1.705(b)(2)(iv)(B), there was no circumstance, other than discussed above, constituting a failure to engage in reasonable efforts to conclude processing or examination of this application as set forth in 37 C.F.R. § 1.704.

In accordance with 37 C.F.R. § 1.705(b)(iii), this application is not subject to a Terminal Disclaimer.

Please grant any extensions of time required to enter this Request and charge any additional required fees to our Deposit Account No. 06-0916.

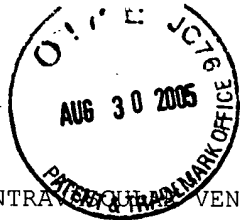

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
